Dear Friends of Faith,

Greetings on this blessed Thanksgiving weekend!

Last year on December 27-28, 2019, we had a remarkable experience of hope and inspiration when the **World Christian Leadership Conference** was launched along with its first global convocation in New York and New Jersey. This effort has inspired Christian leaders throughout the world!

To commemorate this providential beginning, we are honored to invite you to join us at a very special online **Rally of Hope Convocation 2020** starting at 12:00 PM EST on Friday, December 4 and concluding with an historic message to America by **Dr. Hak Ja Han Moon** at 6:00 PM EST on Saturday, December 5, 2020.

This dynamic program provides a series of webinars to empower Christian leaders in turning to God, Jesus and the Holy Spirit to heal and strengthen families and end forces that are dividing nations, destroying human rights and harming the environment.

Dr. Hak Ja Han Moon, Founder of the World Christian Leadership Conference, is widely known throughout the world as the "Mother of Peace" for her significant work in bringing nations together. She recently initiated the Rally of Hope series of virtual rallies to address critical global issues, featuring insights from current and former heads of state, first ladies, parliamentarians, and leaders of the fields of religion, academia, business and media. The third Rally of Hope, held earlier this month, was streamed to over 100 million people in 150 nations.

Messages in this **Rally of Hope Convocation 2020** will be delivered by Bishop Noel Jones, of the City of Refuge, Pastor Paula White, Founder and Pastor of the City of Destiny & the President's Spiritual Advisor, His Eminence Felix Cardinal Kelvin Edward and many more renowned spiritual leaders. Additional musical inspiration will be provided by many Grammy award-winning artists!

We hope that you will join us for this transforming experience! **Registration is free at wclc.org!**

Sincerely,
